J'ai achet   tellement de livres de d  veloppement personnel dans ma vie, des livres que je n'aurais pas os   mettre sur mes   tag  res. I have bought so many self-help books in my life, so many that i would be too embarrassed to have on my shelves. Gr  ce    ces podcast et livres de d  veloppement personnel j'ai pu faire un travail sur moi en profondeur, comprendre certains de mes comportements qui me bloquaient dans ma vie de tous les jours, dus aussi    mon enfance.
