This gives a brief overview of the flow of most of the major and all of the minor prophets in the Old Testament. Date uploaded. Jun 18, 2013. The Minor Prophets were written during the time dating from Israel's divided kingdom to the restoration of Israel after the Babylonian Captivity. The exact date of the prophets cannot be known with certainty in every case, but the following is according to James Ussher's chronology. The Bible student who is preparing to study the prophets should begin by reading 1 Kings - 2 Chronicles to refresh his memory about the historical background. The best way to get this essential historical information into one's mind and heart is to outline it personally by listing the kings and the highlights of each reign. For a summary of Israel's kings, we recommend Old Testament History and Geography, which is available from Way of Life Literature.
