Allan 2020-01-15 The Venetian Gardens was very nice, clean, and we liked it, but it didn't feel right for us. The rooms didn't have much kitchen equipment. They have smaller refrigerators and they have no cooking equipment there, and that's one of the things we were interested in. It was about two miles from the city, which was good. The pool and the exercise areas were a little dingy to me. It was a little too old, but the dining area was very nice and very open. The Venetian City Garden book.
