For this book, we need old photographs of places, people, things and events in Sprague. We would also like any paper memorabilia, such as newspaper articles, brochures, programs, tickets or any other paper advertising related to the Town.

You can donate these photos/memorabilia to the SHS museum, or you can just let SHS scan them. All articles will be returned to you. They can be brought to the town hall. Please include descriptions, if you can, also your name and phone number in case we have questions.

If you are cleaning out your home or someone else's, please, please don't throw anything out that might have to do with the town. Please give it to the SHS. Thank you.

## REP. COURTNEY ANNOUNCES \$2.8 MILLION IN RECOVERY FUNDS, LOANS FOR COMMUNITY FACILITIES IN EASTERN CONNECTICUT

WASHINGTON, DC -- Congressman Joe Courtney announced recently that four area towns will share more than \$2.8 million in grant and loan funding from the American Recovery and Reinvestment Act (ARRA). These projects are part of \$63.8 million for rural development community facilities funding announced today by Secretary of Agriculture Tom Vilsack.

The funding will provide \$2,831,436 in loans and grants to projects in Union, Killingly, Sprague, and Thompson.

"Communities in Connecticut are facing significant financial challenges during this economic downturn, but none more than our rural areas," said Courtney. "These funds will bring new jobs, improve infrastructure and create future economic opportunities for the area and are further proof that the ARRA is working to put our economy back on track."

"All of these projects are extremely urgent, each in its own way," noted Sprague First Selectman Cathy Osten. "With USDA's assistance we've managed to address a broad range of needs in the community that otherwise

couldn't have been funded. This type of funding has allowed Sprague to leverage other funds and make lots of things happen, that really improve the quality of people's lives."

In total, Sprague will receive \$107,436 for four town priorities: \$3,500 for insuring that the wastewater treatment plant/filtration facilities are secure, \$90,700 for improvements to the LaCroix Road bridge, which has been a town priority since 1990, \$1,217 for new appliances at the senior center that will help provide better meals and \$12,019 to repair and expand the Town Clerk's records vault and archive at town hall.

"In these difficult economic times, with money being tight, any funding that Thompson can receive for local projects is greatly appreciated," said Thompson First Selectman Larry Groh, "and I want to thank Joe Courtney for his hard work on behalf of the people of Thompson."

The town of Thompson will receive \$124,000 for a new emergency vehicle

and construction of the social services building in the funding announced today. In addition, the town of Union will receive \$2.3 million in loan funding for their school and the town of Killingly will receive \$300,000 in loan funding for the expansion of the Attawaugan fire district garage.

Rep. Courtney was a strong supporter of The American Recovery and Reinvestment Act, which President Barack Obama signed into law on Feb. 17, 2009. This legislation was designed to jumpstart the nation's economy, create or save millions of jobs and put a down payment on addressing long-neglected challenges so our country can thrive in the 21st century. The Act included measures to modernize our nation's infrastructure, enhance energy independence, expand educational opportunities, preserve and improve affordable health care, provide tax relief, and protect those in greatest need.

### Branching Out... Notes from the Tree Warden

Could June have been any wetter? Twenty two out of 30 days with measurable rain! And July's massive downpours haven't helped with trying to grow anything either. Many trees around town, especially younger ones, have leaves starting to turn red and brown – a sign that anthracnose is taking its toll. Maples, dogwoods, sycamores and even some oaks are showing the affects of the fungus taking hold. Some trees appear to have actually 'drowned'- those in low-lying areas like at the ball field - seem to have suffered from a combination of way too much water and the roots being disturbed from kids swinging around on the trunks after the stakes were removed. The First Selectman has a plan working to replace many of the trees that have

'gone down the path to the kindling pile'.

Most of the pines trees have been planted at the Reservoir. The only good thing about all the rain in June and July (and the unseasonably cool temps) is that all the pine seedlings and four foot pines have a good chance of taking root.

Several trees on Parkwood Road have been posted for removal to prepare for the road improvement project.

Thank you to all the folks in town who have started putting yard sale signs on sticks and frames. I took many signs down in June and July but most of them were for sales in Baltic and Versailles.

Finally – it's really sad that someone in the area is so desperate (and cheap) to have a flower garden that they resorted to digging up irises

around town! The donated irises in the island at Main and Hanover-Versailles and flowers from in front of homes on Main Street, Hanover-Versailles Road, and Baltic-Hanover Road were dug up. Please report any suspicious activity (like people with a shovel stopped on the road after dark!) to the Resident State Trooper or the First Selectman's Office, (860) 822-3000.

PSI offers members access to bonding and liability insurance and educational resources such as PSI's Accreditation Program and annual Quest convention. According to PSI President Patti Moran, pet owners consider their 'fur children' part of the family and the demand for quality care continues to increase, "Our membership consists of trusted pet care professionals serving an average of 126 clients each and performing an estimated 8 million pet sitting engagements each year," Moran said.

With membership in PSI, Tasha's Tail Wagging Pet Sitting has reinforced its dedication to offering professional, quality services and increasing their knowledge of the pet care industry. ## FIRE DEPARTMENT RAISES \$300 FOR CHILDREN'S HOSPITAL

On Wednesday, July 8, members of the Baltic Volunteer Fire Department and the Lisbon Wal-Mart played softball in an effort to raise funds for the Children's Hospital in Hartford. Through a 50/50 raffle, and donations from the department and members, \$300 was donated to the hospital.

According to Reg Patchell, the first few innings of the game were tied 5-5. But even with the department's two Boxers cheering them on, Wal-Mart was able to pull ahead and win the game 13 to 6.

After the game, the raffle was won by Frank Davis' mom, who in turn made a donation of her winnings back to the department's Project Safe Halloween program.

"Two good events had contributions made to them from this one softball game. Can't beat that," said Patchell.

Fortunately, the game ended just as the skies opened up with rain once everything was picked up.

The Baltic Fire Department will face the Lisbon Wal-Mart again on Wednesday,

August 12 at 5:30 in Babe Blanchette field for another fundraiser.

Photos of the July 8 game are posted on the town webpage, [ctsprague.org](http://ctsprague.org).

For those unable to make it to the game, but who would like to help, donations may be sent to the Fire Department c/o Town Hall, 1 Main St., Baltic, CT 06330.
