Includes index. Who else but Ed Rollins - the brilliant, bare-knuckled political consultant - would dare give us the inside story on how Washington really works? Famously outspoken, Rollins is a true maverick whose gift for winning campaigns is matched only by his talent for generating controversy. Now, in this astonishingly candid book, he delivers a no-holds-barred, hugely entertaining account of his thirty-year career in American politics. This is a very interesting read just to see how much the political field has changed since Ed Rollins was in his prime. Funny to see how political tactics that were shocking back in the 70s and 80s are now either the norm or just child play. How vicious the political field is now compared to that era. Great read.
