Between 1996 and 2003, the Peruvian government issued property titles to over 1.2 million urban households, the largest titling program targeted at urban squatters in the developing world. This paper examines the labor market effects of increases in tenure security resulting from the program. To isolate the causal role of ownership rights, I make use of differences across regions induced by the timing of the program and differences across target populations in level of preprogram ownership rights. 6. Introduction to Fifty Million Acres: Conflicts over Kansas Land Policy, 1854-1890. 89. 7. From Individualism to Collectivism in American Land Policy. The land-sale policies of the Democratic party, Gates argues, helped carry Kansas and other midwestern states into the Republican party. Those of Kansas railroads helped produce Granger laws (see Chapter 6). The relation of land distribution to pioneering and subsequent land-use patterns brought Gates to grips with the history of agriculture.
