Reviews

A must buy book if you need to adding benefit. I am quite late in start reading this one, but better then never. Its been designed in an exceptionally easy way in fact it is only after i finished reading this publication where in fact modified me, alter the way in my opinion.
-- **Prof. London Gerlach**

This is the very best publication i actually have read until now. It really is packed with knowledge and wisdom I am happy to let you know that this is the very best publication i actually have read in my very own existence and could be he greatest pdf for ever.
-- **Dr. Nelda Schuppe**

Great e-book and helpful one. It usually fails to cost an excessive amount of. I discovered this publication from my dad and i encouraged this pdf to find out.
-- **Meagan Beahan**

Reviews of The Fragrant Garden: A Book About Sweet Scented Flowers and Leaves. Book Profile. Author (1): Louise Beebe Wilder. Softcopy edition: Publish date: January 1974 Published by: Dover Publications List price: \$8.95 ISBN Number: 0486230716. Categories: Fragrant Flowers. Soft-cover. Of course all the "usual" fragrant flowers are discussed in great detail as well - roses, scented geraniums & such. 22 chapters/topics in all, including one on "Plants of Evil Odour"(!) No photos or drawings, just solid words, words, words. But what wonderful words! On my second copy; the first is in tatters. And I can't believe I'm only the first to rate this book on this forum. Itâ€™s true that scented flowers donâ€™t bloom for the same length of time that unscented ones do. But perhaps this is by design.Â For those of us in temperate regions, the fragrances of early blooming shrubs and flowers are an eagerly awaited reward for surviving another winter. So, if youâ€™re considering adding some aromatics to your garden this year, hereâ€™s a sampling of some favorite scents to delight the senses!Â Small, star-shaped white flowers bloom in early summer, and the leaves give pretty winter color in shades of orange, red, and burgundy. Star jasmineâ€™s scent is often described as the "perfume of love." Highly popular with those who enjoy fragrant plants, their tubular flowers are sweetly scented and produce a sweet, honeylike nectar " a favorite of hummingbirds.
